Ge	orgia's key economic drivers
Liberal economic policy	 Liberty Act, which became effective in January 2014 ensures a credible fiscal and monetary framework: – Government expenditure/GDP capped at 30% – Budget deficit/GDP capped at 3% – Government debt/GDP capped at 60%
Regional logistics and tourism hub	 Proceeds from foreign tourism estimated at US\$1,720 mln in 2013 up 22% y-o-y, 5.4 million visitors in 2013, up 22% y-o-y; 4.2 million visitors in 9M '14, up 2% y-o-y Regional energy transit corridor with approx. 1.6% of world's oil production and diversified gas supply passing through the country
Strong FDI	 Strong FDI inflows diversified across different sectors (2013: US\$942 mln, 2012: US\$912, 2011: US\$1,117 mln), US\$265 mln in Q1 2014 and US\$151 in Q2 2014 Net remittances of US\$1,322 mln in 2013, up 8% y-o-y; US\$955 mln in 9M 2014 FDI averaged 10% of GDP in 2003-2013
Support from international community	 Georgia and the EU signed an Association Agreement in June 2014 and Georgia's parliament ratified the agreement in July 2014. The deal includes a DCFTA, which is the major vehicle for Georgia's economic integration with the EU Discussions commenced with the USA to drive inward investments and exports Strong political support from NATO, EU, US, UN and member of WTO since 2000 Substantial support from DFIs, the US and EU Diversified trade structure across countries and products
Cheap electricity	 Only 18% of hydropower capacity utilized; 40 hydropower stations are being built/developed Net electricity exporter from 2007-2011 (net importer in 2012 and 2013 due to low precipitation), net electricity importer for more than a decade before 2007 Significantly boosted transmission capacity in recent years, having rehabilitated a 500kV line to Azerbaijan and built a 500/400 kV line to Turkey. Another 500 kV line to Armenia is under construction and Georgia's transmission capacity to Russia is expected to rise 1.7x to 1,480 MW by 2016 after a new 500 kV line becomes operational
Political environment stabilised	 Healthy operating environment for business and low tax regime Parliamentary elections in 2012 led to a democratic transition of power giving victory to Georgian Dream coalition and the subsequent presidential elections in October 2013 gave victory to the candidate of the ruling Georgian Dream coalition New constitution amendments passed in 2013 to enhance governing responsibility of Parliament and reduce the powers of the Presidency Continued economic relationship with Russia Russia began issuing visas to Georgians in March 2009; Georgia abolished visa requirements for Russians Direct flights between the two countries resumed in January 2010 Member of WTO since 2000, allowed Russia's access to WTO In 2013 trade restored with Russia

Growing and well capitalised banking sector

Summary

- Prudent regulation ensuring financial stability
- Sector total capital ratio (NBG standards) –17% in 2013
- High level of liquidity requirements from NBG at 30% of liabilities, resulting in banking sector liquid assets to client deposits of 56% as of 30 Sep 2014
- Resilient banking sector
- Demonstrated strong resilience towards both domestic and external shocks without single bank going bankrupt
- No nationalization of the banks and no government ownership since 1994
- Excess liquidity and excess capital accumulated by the banking sector to help boost the financing of the economic growth
- Very low leverage with retail loans 18.0% of GDP and total loans at 39.1% of GDP as at 31 December 2013 resulting in low number of defaults during the global crisis

Forward Looking Statements

This presentation contains forward-looking statements that are based on current beliefs or expectations, as well as assumptions about future events. These forward-looking statements can be identified by the fact that they do not relate only to historical or current facts. Forward-looking statements often use words such as anticipate, target, expect, estimate, intend, plan, goal, believe, will, may, should, would, could or other words of similar meaning. Undue reliance should not be placed on any such statements because, by their very nature, they are subject to known and unknown risks and uncertainties and can be affected by other factors that could cause actual results, and JSC Bank of Georgia and/or the Bank of Georgia Holdings' plans and objectives, to differ materially from those expressed or implied in the forward-looking statements.

There are various factors which could cause actual results to differ materially from those expressed or implied in forward-looking statements. Among the factors that could cause actual results to differ materially from those described in the forward-looking statements are changes in the global, political, economic, legal, business and social environment. The forward-looking statements in this presentation speak only as of the date of this presentation. JSC Bank of Georgia and Bank of Georgia Holdings undertake no obligation to revise or update any forward-looking statement contained within this presentation, regardless of whether those statements are affected as a result of new information, future events or otherwise.
